# PLAYER LIKE YOU

It is an exciting time in Vejen! We are looking for Denmark's very best to come, train, improve and earn time on Vejen's Basketliga team for the 2026-27 season.

Players are not born, they are built. With my experience creating professional players from the ground up, I can help you reach your athletic goals if you are willing to put the time and effort it takes to be great.

In Vejen, we have a first-class set-up from nutritious food, fitness and weight room facilities to access to our playing court every day. In Vejen, the focus is basketball and becoming one of the best clubs in the Danish Basketligaen. In order to reach our goals, we need you – top Danish talent that wants to work extremely hard, grow your game and play at the highest level.

We want you!

**Steve Hanson**, Head Coach  
(Canada, former NCAA head coach)

More than basket at

# BK VEJEN

We have embarked on an exciting journey and are committed to create an environment where determined players can thrive, develop, and achieve their highest potential.

BK Vejen combines strong values, professional standards, and a clear vision for long-term success. We are extremely honored to have secured coach Steve Hanson, whose experience, leadership, and proven track record will elevate both our playing philosophy and individual athlete development. With his guidance and our club's dedication to excellence, we believe this is the ideal place for driven players to take the next step in their basketball careers.

**John Klausen**  
Sportschef BK Vejen

Vejen is a place where dreams can come true. I'm from Sweden where everything was going alright, but when I made the choice to join Vejen, it changed my career in many different ways. They gave me a bigger role, a chance to grow, improve and advance my career. They gave me responsibility and I learned to take control of my career, my nutrition, my training and my game. This allowed me to take the next step – on and off the court."

**#8 Elias Weibert** (SWE),  
Guard

“If you want to get better, feel involved and a part of something bigger than yourself, VEJEN is the place to be. I can only see the club grow from here.”

**#11 Christopher Tsamas (FRA),**  
Point Guard

“Vejen is full of people not only supporting each other, but consistently cheering each other on. I am so lucky to be a part of BK Vejen’s basketball journey and I can’t wait to see how it grows and gets better in the future.”

**#24 Andrew Orr (USA),**  
Basketligaen Leading Scorer

“Vejen has been an amazing experience for me on and off the court. It’s growing in a lot of ways and very family oriented. I feel at home here with the staff caring for me whenever I need help. Our club is growing and headed in a positive direction. “

**#0 Neema Namdar (USA),**

"

We are a club where community and ambition go hand in hand. With five weekly team training sessions and the possibility of extra training if you want more. You get every chance to develop yourself – especially with the facilities at SportsCenter Danmark. Here we support each other, from the fans in the stands to the youth department and the league team. I grew up in the club myself and have fought my way all the way to the league team."

# BEHIND THE SCENE

We are ambitious. BK Vejen has established itself in the Basketliga and is focused on strengthening its sporting setup, talent development, and local roots. We aim to be a regional beacon for basketball and a gathering point for all generations – made possible by the dedicated work behind the scenes.

## HEALTH TEAM

A Physiotherapist, Physical trainer, Mental coach and Chiropractor are affiliated with our Basketliga team.

## YOUTH TEAMS

Development of talent program is a priority for us. And we need the BK Vejen

players to be role models for our young players.

## PARTNERS

We have a close cooperation with our sponsors. Without sponsors – no Basketball-team.

## VEJEN COMMUNITY

We want to put basketball and Vejen on the map of the region and be a strong gathering point for children, youth and adults.

## VOLUNTEERS

They are our true heroes. We value our volunteers very highly and expect them to be respected as part of our closest team.
